

Myaka Akhila

Warangal, Telangana — +91 8885318394 — myakaakhilareddy@gmail.com
LinkedIn — GitHub

Professional Summary

Computer Science and Engineering student with a strong foundation in Java, Python, SQL, and Machine Learning. Experienced in developing machine learning solutions through academic projects in healthcare and agriculture. Passionate about software development, artificial intelligence, and solving real-world problems through technology.

Education

SR University, Warangal	2023 – 2027
B.Tech in Computer Science and Engineering	CGPA: 8.6
SR Junior College	2021 – 2023
Intermediate (MPC)	93%
Kasturba Gandhi Vidyalayam	2021
Matriculation	CGPA: 10.0

Technical Skills

Programming Languages: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript

Core Subjects: Data Structures and Algorithms, Database Management Systems, Operating Systems

Technologies: Machine Learning, Git, GitHub

Projects

Plant Nutrient Deficiency Classification Using Machine Learning GitHub

- Developed a CNN-based model to classify nutrient deficiencies in tomato plant leaves.
- Performed image preprocessing and classification of healthy and nutrient-deficient leaves.
- Improved early detection of deficiencies including Nitrogen, Phosphorus, and Potassium.

Parkinson's Disease Prediction Using Machine Learning GitHub

- Developed a machine learning model to predict Parkinson's disease using medical data.
- Applied data preprocessing, feature selection, and classification techniques.
- Built an interactive prediction interface for user-friendly disease assessment.

Certifications

- Microsoft Azure AI Fundamentals
- AI-ML Virtual Internship

Achievements

- Participated in Flipkart Grid 2024.
- Participated in Myntra HackerRamp WeForShe 2024.
